FYP Logbook Entry Sheet

Meeting No: 15   **Date:** 17 March 2023

Start Time: 12:30 PM   **End Time:** 02:30 PM

Items Discussed:

A. We discussed the work progress.

B. Reviewed the test cases and discussed important features of writing test cases.

C. Discussed emulator issues or problems with running the mobile project in the emulator.

D. Discussed alternatives to the emulator, including scrappy implementation for displaying mobile device screens on a laptop.

Achievements:

A. Learned how to write test cases and the major features or use cases for writing them.

B. Utilized scrappy implementation as an alternative to the emulator.

C. Gained knowledge about design changes and custom component development for reusability.

Problems:

A. The project is experiencing a fully duplicated issue and does not function properly.

B. Facing errors in handling frontend and backend fetching, especially during error message handling and pull-to-refresh implementation.

C. Encountering issues with Firebase Cloud Messaging, specifically not receiving notifications.

Tasks for the Next Meeting:

A. Continue working on tasks related to work progress and write test cases for features or use cases.

B. Implement Firebase push notifications.

C. Implement mobile UI design changes, including the implementation of a card view.
